

Cedar Ridge Goldens

Puppy Health Guarantee

To the best of our knowledge, our puppies are in excellent health and are free from hereditary defects.

Both parents have been fully certified by the Orthopedic Foundation for Animals (OFA) for eyes, heart, hips, and elbows.

The dam and sire of this litter have had genetic testing completed. Based on those results, your puppy will NOT be affected by the following genetic conditions included on the Golden Retriever panel:

- Ichthyosis (Ich)
- Progressive Retinal Atrophy (GR-PRA 1, GR-PRA 2, PRA-prcd)
- Muscular Dystrophy (MD)
- Degenerative Myelitis (DM)
- Neuronal Ceroid Lipofuscinosis (NCL-GR)

However, it is possible your puppy may be a CARRIER of one or more of these conditions and, if bred, could potentially pass it on to his or her offspring if the other parent is also a carrier or affected. Our puppies are sold on a strict spay/neuter contract.

Our puppies have been examined by our veterinarian and received their first vaccinations and de-worming.

Cedar Ridge Goldens will take your puppy back at any time, for any reason. If the puppy is returned to us *within the first month, for any reason*, a 50% refund will be given if the puppy has received appropriate care, as determined by breeder's discretion. *After the first month, we will take the puppy back for any reason*, but no refund will be given, except for certain health conditions as detailed in the following paragraph.

Should any *hereditary genetic defect develop in the first 6 months* of owning your new puppy, Cedar Ridge Goldens agrees to take the puppy back and refund 50% of the purchase price, if the puppy has received appropriate care, as determined by breeder's discretion. A detailed examination by a veterinarian must also be provided to us in writing. Should you choose to keep the puppy, Cedar Ridge Goldens agrees to pay 50% of the veterinary expenses associated with the defect, up to \$300, if the puppy has received good care, as determined by breeder's discretion. A detailed examination by a veterinarian will be required in writing. We also may ask your veterinarian to talk to us or our veterinarian.
